Flutter Developer

Flutter developer with over 3 years of hands-on experience building cross-platform iOS and Android apps, from university projects and internships to a Junior Flutter Developer role at Ball Squad. I write Dart code organised in layers in the spirit of Clean Architecture, manage state with BLoC/Cubit and rely on dependency injection (get_it) and code generation (build_runner).

I work daily with AI agents, mainly Claude and Claude Code, to speed up implementation, refactoring, writing tests and code review, while keeping responsibility for code quality. I hold an MSc in Computer Science and I want to grow on international client projects, learning from experienced tech leads and sharing knowledge with the team.

Work experience

Flutter Developer — Oct 2026 - Present
MapMaker.online, Łódź

- Building a cross-platform Flutter mobile app from scratch as the sole developer.
- Full ownership of the app: architecture, tech stack, implementation and releases.
- Self-managed work: planning, prioritising and delivering features independently.
- Responsible for code quality, testing and stability of the product end to end.

Junior Flutter Developer — May 2025 - Aug 2026
Ball Squad, Warsaw

- Building and maintaining features of a cross-platform Flutter app for iOS and Android.
- State management with BLoC/Cubit, layered architecture with get_it dependency injection.
- REST API integration with Dio, navigation with auto_route, code generation with build_runner.
- Agile teamwork with Jira, code reviews in Bitbucket and UI built from Figma designs.
- Using Claude Code as an AI agent for implementation, refactoring and tests.

Flutter Intern — Sep 2024 - May 2025
Ball Squad, Warsaw

- Implemented UI screens from Figma and connected them to backend services.
- Learned the team's architecture and workflow, which led to a junior role.

Flutter Intern — Oct 2023 - Dec 2023
Paidwork, Lublin

- Developed Flutter features in a commercial mobile app within a Git-based team workflow.

Polytechnic's Internship — Jul 2022 - Sep 2022
Lublin University of Technology, Lublin

- Mandatory internship organized by the polytechnic with a strong focus on Flutter.

Education and Qualifications

Master of Computer Science — Mar 2022 - Sep 2023
Lublin University of Technology, Lublin

Bachelor of Computer Science — Oct 2018 - Mar 2022
Lublin University of Technology, Lublin
